

**TEAMWEAR
WINTER**

2026 | 2027

INTERNATIONAL

DEAR SKI SCHOOLS, RACE TEAMS, AND ASSOCIATIONS,

as specialists in the field of teamwear, we are proud to share our passion for winter sports with you: performance, achievement, and extremely high quality standards are very important to us, as are our ecological responsibility and our belief in a more sustainable future. Our products promise the latest technologies with clever functional details and provide you with the best possible support in your everyday life out on the slopes – #madebypros. Thanks to close cooperation with numerous national and international associations, we have been creating a TEAMWEAR collection that is second to none for over 25 years – for pros by pros.

Our TRIVOR & TEWES / TORBEN & TOROLF line in padded and 3-layer quality can be combined perfectly with each other, depending on individual warmth requirements. The technically sophisticated products are characterized by outstanding materials and have been reissued in classic and modern colors for the winter seasons 26/27 to 28/29.

The TANKO & TUNK line places great emphasis on the responsible use of resources. The DERMIZAX material is 100% recycled, and all other materials and accessories consist of approximately 95% recycled plastic bottles. TANKO and TUNK products are designed to be not only functional and high-quality, but also timeless and easy to combine thanks to their simple design. Thanks to the mix and match principle in solid colors (blue, red, green, blue), you can combine any jacket with any pants.

The TAMUL & TAMIR line offers excellent value for money and is available to order again for winter 26/27. Here, too, the focus is on a high proportion of recycled materials.

We have added new models to the COACH & RACE EQUIPMENT range, which was developed specifically for coaches and athletes. You'll love the new designs of the racing suits.

To ensure you can enjoy your Ziener teamwear for a long time to come, we are offering a new service: a professional waterproofing service from our partner MeyerundKuhl. Find out more on page 9..

Together with the ZIENER team, we would like to take this opportunity to thank you for your trust in us. We will continue to do our best to offer you the perfect products for your work on the slopes.

We wish you all a successful 2026/2027 winter season and hope you enjoy discovering our TEAMWEAR catalog!

Yours Frank Burig and Daniel Ziener

THOMAS BRAUN

HEAD OF SPORTS DEVELOPMENT & EDUCATION AT DSV

“For many years, we have relied on the quality and functionality of ZIENER teamwear for our DSV national coaching teams. The technical and high-quality ZIENER teamwear is ideal for the diverse tasks performed by trainers and ski instructors in varying weather conditions and temperatures.”

“

MARTINA ERTL
FORMER GERMAN SKI RACER

“ With my Ziener ski clothing, I am perfectly equipped for winter. The right outfit for every occasion! Whether it's a chic day of skiing with friends, sporty skiing in deep snow, or coaching my racing kids—you'll find me in my “coach outfit,” which is super warm and has lots of handy pockets for everything you need, and it looks great too. ”

ECOLOGICAL RESPONSIBILITY FOR OUR FUTURE.

The infographic features a central illustration of a person wearing a dark grey ski suit. Hand-drawn style callouts with arrows point to various parts of the suit, highlighting its sustainable features. The word 'TANKO' is written in a large, hand-drawn font above the suit, with an arrow pointing to the hood. The word 'TUNK' is written in a similar font below the suit, with an arrow pointing to the lower leg. A tag hanging from the suit's waist reads '100% RECYCLED GOGGLES CLEANING CLOTH AND INSIDE LABEL'. A circular callout on the left side of the suit says 'PFAS-FREE'. Another callout on the left side says '100% RECYCLED 3-LAYER DERMIZAX® FABRIC'. A callout pointing to the zipper area says '86% RECYCLED ZIPPERS'. A callout pointing to the zipper pull says '90% RECYCLED ZIPPER PULLER'. A callout on the right side of the chest says 'BIO-BASED INK PRINT'. At the bottom right, there is a large graphic of a recycling symbol (three arrows in a triangle) and the text 'OVERALL 95% RECYCLED CONTENT'. A list of bullet points is located at the bottom left.

SUSTAINABLE PERFORMANCE – 100% PFAS-FREE

Function meets environmental awareness: The ZIENER Teamwear Collection

The ZIENER Teamwear collection stands for functional, high-performance ski clothing that is optimally designed for use in snow, cold, and winter conditions. Whether on the slopes or in deep snow, our jackets and pants provide reliable protection against wetness and cold while remaining breathable. Technical highlights:

- Water column: 20,000 mm – optimal protection against snow and moisture
- Breathability: 10,000 to 20,000 g/m²/24 h – for a comfortable body climate even during high activity
- Functional membrane: High-quality materials ensure comfort and functionality in winter use

Important: Our collection is specially designed for winter conditions – it is not purely rainwear.

MORE ENVIRONMENTALLY FRIENDLY THANKS TO PFAS-FREE DWR

In addition to the membrane, a DWR (Durable Water Repellent) coating on the outer material ensures that water simply rolls off. This keeps the clothing light and maintains breathability.

Previously: with PFAS – today: more environmentally friendly.

Traditional DWRs were based on poly- or perfluorinated chemicals, known as PFAS, which are hardly degradable in the environment. From 2026, some of these chemicals, PFHxA (perfluorohexanoic acid), will be banned. ZIENER is taking a sustainable approach: our DWR is completely fluorocarbon-free (PFAS-free) – a modern, environmentally friendly solution without compromising on function.

CARE FOR LONG-LASTING PERFORMANCE

Since fluorine-free DWRs are not quite as durable as classic versions, we recommend regular reactivation – e.g. through heat (dryer) or suitable environmentally friendly waterproofing sprays.

Our tips for enjoying your ZIENER ski clothing for a long time:

- Wash regularly to remove dirt and residues
- Re-waterproof to maintain the water-repellent function
- Use PFAS-free care products to protect the environment and your health

FULL FUNCTIONALITY. FULL PERFORMANCE. Like new again – with our waterproofing service

Regular care renews the functional properties of your ski clothing and extends its life.

The outer fabric of our clothing is impregnated when new so that water and dirt simply roll off. Frequent wear, dirt, and sweat impair the breathable and waterproof properties of functional clothing. Therefore, functional clothing

should be washed and re-impregnated correctly and regularly. Your functional clothing will be professionally cleaned by our partner MeyerundKuhl, impregnated with 100 % PFAS-free products, and will then be completely weatherproof again.

BUY WATERPROOFING SERVICE

Scan the QR code and select the items of clothing you want to have cleaned and waterproofed directly online from our partner Meyer und Kuhl.

SHIPPING YOUR PRODUCTS

Create the DHL shipping label for the waterproofing service and stick the printed shipping label on the box containing your securely packed clothing for shipping.

YOUR PRODUCT WILL BE IMPREGNATED

Your clothing will be professionally washed by our partner and sustainably impregnated without PFAS.

DIRECT RETURN SHIPPING

Within 14 days, your cleaned and waterproofed clothing will be delivered back to your home in a convenient and uncomplicated manner.

WASHING INSTRUCTIONS FOR FUNCTIONAL CLOTHING

Always check the care label before washing. Never use fabric softener, as it causes the fibers to swell and destroys the membrane. Please also refrain from using powder detergent, as it clogs the pores of the membrane. It is best to use a special detergent for functional clothing—this preserves and protects the membrane.

WASHING INSTRUCTIONS FOR GLOVES

Our gloves have washing instructions sewn into them, which must be followed. Gloves with the symbol "Machine wash at 30°" can be washed on a gentle cycle. Do not use fabric softener or chlorine bleach. Gloves with the symbol "Hand wash" or "Do not wash" require special care.

TEXTILE CARE SYMBOLS

The labels on textiles/gloves/accessories feature textile care symbols relating to washing, bleaching, drying, ironing, and dry cleaning. These are recommendations from the manufacturer.

ZIENER ICONPEDIA

With the help of ZIENER IconPedia, you can look up the symbols for each product. The symbols represent specific technical properties and material characteristics.

EXPLANATION FEATURES

We always do our best to support you and your teams with the help of outstanding product features. We are constantly developing these further. In our short video, we show you the functional features that make your ZIENER TEAMWEAR products stand out.

TEAMWEAR REPAIR SERVICE

We want you to enjoy your favorite items for a long time. That's why we offer the TEAMWEAR REPAIR SERVICE. If the product breaks without your fault, we will repair it for you free of charge. If you are at fault, we can also repair it for you, but at your expense. It is very important to us that you enjoy our products for a long time.

IMPREGNATION SERVICE

The outer fabric of our clothing is impregnated when new so that water and dirt simply roll off. Frequent wear, dirt, and sweat impair the breathable and waterproof properties of functional clothing. Your functional clothing will be professionally cleaned by our partner MeyerundKuhl, impregnated with 100% PFAS-free waterproofing, and will then be completely weatherproof again.

I GENERAL

 **MADE IN EUROPE**
Hergestellt in Europa.
Made in Europe.

 **REFLECTIVE**
Dekorative reflektierende Elemente.
Decorative reflective elements.

 **STRETCH FABRIC**
Bewegungsfreiheit durch elastisches Shell.
Elastic shell fabric for wearcomfort.

 **SUPER SOFT**
Verarbeitung extra weicher Materialien.
Extra soft materials.

I GLOVES

 **AQUASHIELD® GLOVES**
Die wasser- & winddichte AQUASHIELD® Membrane – sorgt für ein warmes & trockenes Klima.
The water- & windproof AQUASHIELD® Membrane – ensures a warm & dry climate.

 **THERMOSHIELD® GLOVES**
Extra warme Eigenschaften sorgen für einen hohen Tragekomfort – auch unter extremen Bedingungen.
Extra-warm properties ensure a high level of wearing comfort – even under extreme conditions.

 **THERMOSHIELD® PLUS**
Primaloft® Isolierung für Höchstleistung. Hightech-Isolierung mit höchster Performance – und mehr: Besonders leicht, weich und wärmespeichernd, selbst bei Nässe. Extrem atmungsaktiv, schnelltrocknend und wasserabweisend.
Primaloft® insulation for maximum performance. High-tech insulation with maximum performance – and more: particularly light, soft, and heat-retaining, even when wet. Extremely breathable, quick-drying, and water-repellent.

 **THERMOSHIELD® PRO**
Padding aus natürlicher Down für sehr niedrige Temperaturen. Daunenisolierung für hohe Wärmeleistung bei trockener, klirrender Kälte.
Natural down padding for very low temperatures. Down insulation for high thermal performance in dry, bitterly cold conditions.

 **THERMOSHIELD® ACTIVE**
Wollwattierung für Klimakomfort. Lavalan® Wool bietet hohe Wärmeleistung – auch in feuchtem Zustand. Natürlich temperaturregulierend, atmungsaktiv und ideal bei wechselnden Bedingungen.
Wool padding for climate comfort. Lavalan® wool offers high thermal performance – even when wet. Naturally temperature-regulating, breathable, and ideal for changing conditions.

 **PROTECTSHIELD® GLOVES**
Strategisch eingearbeitete Protektoren.
Strategically incorporated protectors.

 **AQUAIR®**
Das hochatmungsaktive und PFAS-freie Kunstleder AQUAIR® ist auf Basis rein wässriger Komponenten hergestellt und ist PFI-zertifiziert zu 100% vegan. Die wasserbasierten Rezepturen und eine regionale Lieferkette sind die Grundlage für einen deutlich reduzierten ökologischen Fußabdruck im gesamten Lebenszyklus sowie für eine reduzierte Belastung für Mensch und Umwelt – made in Germany.

The highly breathable and PFAS-free synthetic leather AQUAIR® is made from purely water-based components and is PFI-certified as 100% vegan. The water-based formulas and a regional supply chain are the basis for a significantly reduced ecological footprint throughout the entire life cycle as well as a reduced impact on people and the environment – made in Germany.

 **CONTAINS NON TEXTILE PARTS OF ANIMAL ORIGIN**
Enthält nichttextile Teile tierischen Ursprungs.
Contains non textile parts of animal origin.

 **CYBERIAN CORDLOOK**
Einfaches Fixieren der Handschuhstulpe über dem Jackenärmel mit nur einer Hand.
Easy one-handed fastening of glove sleeve pulled over jacket sleeve.

 **DUO COMPONENT SYSTEM**
Kombination aus Fingerhandschuh & Fäustling. Für doppelt starke Wärme.
The combination of finger glove & mitten. To achieve double warmth.

 **HANDWARMER**
Wir sorgen für kuschelig warme Hände auf der Skipiste! Die Innentasche bietet Dir die Möglichkeit, ein Wärmekissen (nicht in der Lieferung enthalten) einzulegen, das Dich über Stunden warm hält.
We make sure your hands are cozy & warm while on the ski slopes! The inside pocket gives you the opportunity to insert a heating pad (not included in the delivery), which keeps you warm for hours.

 **LEATHER**
Verarbeitung von Echtleder.
Manufactured with genuine leather.

 **PATENT BY ZIENER**
Eine von ZIENER entwickelte und patentierte Technologie.
A patented technology developed by ZIENER.

 **PROTECTOR RACE**
Protector Race
Protector Race

 **TOUCH**
Leitfähiges Spezialgewebe an den Fingern der Handschuhe, welches eine optimale Benutzung von Touch Screen-Geräten gewährleistet.
Conductive special fabric on the fingers of the gloves, which ensures optimal use of touch screen devices.

 **100% VEGAN**
Vegan bedeutet, Verzicht auf jegliche tierische Bestandteile und tierische Erzeugnisse im Produkt – PFI Germany-zertifiziert.
Vegan means no animal ingredients and no animal products in this product – PFI Germany-certified.

 **5-FINGER LINING**
Das integrierte 5-Finger Lining gewährleistet hohe Taktilität am Stock.
The integrated 5-Finger lining ensures an optimum feel for poles.

I GARMENTS

 **AQUASHIELD® GARMENTS**
Die atmungsaktive, wasser- & winddichte AQUASHIELD® Membrane sorgt für ein warmes & trockenes Klima.
The breathable, water- & windproof AQUASHIELD® Membrane – ensures a warm & dry climate.

 **WINDSHIELD® GARMENTS**
Die winddichte, atmungsaktive & wasserabweisende WINDSHIELD® Membrane – schützt den Körper vor dem Auskühlen durch den Windchill-Effekt.
The windproof, breathable & water-repellent WINDSHIELD® Membrane – protects the body against cooling down because of the wind-chill effect.

 **WEATHERSHIELD® GARMENTS**
ZIENER WEATHERSHIELD sorgt dank wasser- & windabweisender Materialien für gute Funktion & Schutz – egal, ob es leicht regnet, windet oder schneit.
ZIENER WEATHERSHIELD ensures good function & protection thanks to water- & wind-repellent materials – whether it's lightly raining, windy or snowing.

 **EXTRAWARM**
Extra warme Handschuhe/Stirnbänder/Textilien für extrem kalte Bedingungen.
Extra warm gloves/bands/garments for extremely cold conditions.

 **FABRIC FEATURES**
Wassersäule & Atmungsaktivität.
Water column & breathability.

 **FULLSIDE ZIPPER**
Durchgehender Seitenreißverschluss.
Full-length side zipper.

Verfügbar bis zur Saison 28/29 (letzte Bestellung März 2028).

Available until the 28/29 season (last order March 2028).

I MATERIAL / TECHNOLOGY**DOWN INSULATION**

Die Membran ist mit dem Außenmaterial & dem Innenfutter zu einer Schicht laminiert.

The membrane is bonded to the external shell & lining to create one thickness.

aquair®**AQUAIR®**

Das hochatmungsaktive und PFAS-freie Kunstleder AQUAIR® ist auf Basis rein wässriger Komponenten hergestellt und ist PFI-zertifiziert zu 100% vegan. Die wasserbasierten Rezepturen und eine regionale Lieferkette sind die Grundlage für einen deutlich reduzierten ökologischen Fußabdruck im gesamten Lebenszyklus sowie für eine reduzierte Belastung für Mensch und Umwelt – made in Germany.

The highly breathable and PFAS-free synthetic leather AQUAIR® is made from purely water-based components and is PFI-certified as 100% vegan. The water-based formulas and a regional supply chain are the basis for a significantly reduced ecological footprint throughout the entire life cycle as well as a reduced impact on people and the environment - made in Germany.

**CONTAINS****RECYCLED MATERIAL**

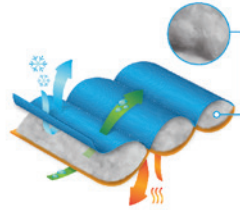

Das Produkt enthält anteilig recyceltes Material.

The product contains proportionally recycled material.

comfortemp® COMFORTEMP®

Comfortemp® sind Isolierungen von Freudenberg. Eine breite Palette hochentwickelter Materialien, die perfekten Tragekomfort mit hoher Wärmeisolierung verbinden. Die ultraweiche, extrem leichte & voluminöse Padding aus losen Fasern, eine Daunenalternative aus recycelten PET-Fasern. Die Materialien zeichnen sich zu dem durch ihre ausgezeichnete Atmungsaktivität, einfache Pflege, Waschbarkeit & Beständigkeit gegen Fasermigration aus.

Comfortemp® are insulations from Freudenberg. A wide range of highly developed materials that combine perfect comfort with high thermal insulation. The ultra-soft, extremely light & voluminous padding made from loose fibers, a down alternative made from recycled PET fibers. The materials are also characterized by their excellent breathability, easy care, washability & resistance to fibre migration.

**DOWN INSULATION**

Extrem warme & luftig weiche Isolierung aus Natur-Down. Diese eignet sich besonders bei extremer & trockener Kälte. Allied down ist bluesign® zertifiziert & allergenfrei.

Extremely warm, soft & light insulation made from natural down. Particularly suitable for extreme & dry cold. Allied down is bluesign®-certified & contains no allergens.

**GRIP FIT TECHNOLOGY**

Verklebte Schichten für optimalen Grip.

Glued layers for optimum grip.

**GORE-TEX GLOVES**

GORE-TEX Handschuhe sind wasserdicht, winddicht & atmungsaktiv – garantiert! Wasser bleibt draußen, während Schweiß ungehindert von innen nach außen entweichen kann. Ihre Hände sind wärmer, wenn es kalt ist, & trockener, wenn Sie schwitzen.

GORE-TEX gloves are durably waterproof, windproof & highly breathable – guaranteed. Water stays on the outside while perspiration can easily escape from the inside. Your hands stay warmer when it's cold, & drier when you perspire.

**GORE-TEX + Gore grip**

GORE-TEX Handschuhe mit Gore grip Technologie sind dauerhaft wasserdicht, winddicht & atmungsaktiv – garantiert! Dank ihrer innovativen Lagenkonstruktion bieten sie herausragende Beweglichkeit & Taktilität für optimalen Griff & viel Feingefühl für das Handling von Skistöcken, Reißverschlüssen, Skibrillen, Taschen etc.

Gloves engineered with GORE-TEX inserts with Gore grip technology are durably waterproof, windproof & breathable – guaranteed. Thanks to their innovative layered construction, they provide outstanding dexterity & tactility for an optimum grip. This makes it easier to handle your ski poles, zippers, goggles, bags, etc.

**Gore plus warm****GORE-TEX****+ Gore warm**

GORE-TEX Handschuhe mit Gore plus warm Technologie sind dauerhaft wasserdicht, winddicht & atmungsaktiv – garantiert! Selbst unter extremen Bedingungen ist das gesamte System aus Innenfutter, Membrane & Shell optimal dafür geeignet, Ihre Hände länger warm zu halten.

Gloves engineered with GORE-TEX inserts with Gore plus warm technology are durably waterproof, windproof & breathable – guaranteed. Even in harsh conditions the whole system of inner lining, membrane & outer material is optimized to keep your hands warmer for longer.

**WINDSTOPPER® GLOVES BY GORE-TEX-LABS**

ABSOLUT WINDDICHT. HERAUSRAGENDER KOMFORT. SEI GUT ZU DEINEN HÄNDEN. Ein taubes Gefühl in den Fingern kann dir den Tag verderben. Handschuhe mit WINDSTOPPER® Produkttechnologie blocken jeden Wind ab & sind ideal zum Radfahren oder Laufen oder einfach, um einen Tag draußen mit Freunden zu verbringen. Sie sind zudem extrem atmungsaktiv & fühlen sich besonders angenehm auf der Haut an. Ob du auf Winter-Trekking-Tour bist oder in der Stadt schnell noch etwas zu besorgen hast – achte auf die richtigen Handschuhe, damit deine Finger gut geschützt sind.

TOTALLY WINDPROOF. EXCEPTIONAL COMFORT. TREAT YOUR ACTIVE FINGERS BETTER.

Numb fingers can ruin any day. Gloves with WINDSTOPPER® product technology block all wind, making them ideal for cycling or running, or just spending a day out with friends. They're also extremely breathable, & feel great against your skin. So if you're halfway through a winter trek, or just rushing around town doing chores, choose gloves that treat your active fingers better.

**LAVALAN®**

Lavalan® ist die hochfunktionale Padding aus europäischer Schurwolle & sorgt für ein natürliches Klima ohne zu überhitzen.

Lavalan® is the highly functional bre II made from European virgin wool & ensures a natural climate without overheating.

**MICRO DOWN INSULATION**

Extrem warme & luftig weiche Isolierung aus synthetischer Down.

Extremely warm, soft & light insulation made from synthetic down.

**PFAS FREE**

Bei PFAS-freien ZIENER Produkten handelt es sich um Produkte mit Imprägnierung, bei deren Herstellung die Verwendung von PFAS (per- und polyfluorierte Alkylsubstanzen) ausgeschlossen ist.

PFAS-free ZIENER products are impregnated products that are manufactured without the use of PFAS (per- and polyfluoroalkyl substances).

**POLARTEC**

Sehr leichtes bi-elastisches, besonders atmungsaktives und windabweisendes Material für trockene und warme Hände.

4-way-stretch material, highly breathable and wind resistant to keep your hands warm and dry.

**PRIMALOFT®**

Diese Isolations Technologie ist die erste & einzige Mikrofaserisolation, die es in Sachen Wärme, Leichtigkeit & Weichheit ernsthaft mit der Down aufnimmt. PrimaLoft® übertrifft die Down sogar noch: Die synthetische Mikrofaser ist zusätzlich besonders wasserabweisend, extrem atmungsaktiv & trocknet schnell.

This insulation technology is the one & only micro fibre insulation which can be seriously compared to down regarding warmth, lightness & softness. PrimaLoft® even outperforms down insulation: it's extremely water repellent, breathable & dries quickly, should it get wet.

**CROSS CORE™****PRIMALOFT® CROSS CORE™**

Inspiziert aus der Raumfahrt: Die revolutionäre, leistungsstarke Isolationstechnologie sorgt für eine hervorragende Wärmeleistung bei gleichzeitig sehr geringem Gewicht. Das geschieht durch die Verschmelzung von Aerogelen mit PrimaLoft®-Fasern – für einen enormen Zugewinn in der Wärmeleistung ohne Gewichtszuwachs. Mit einem Recyclinganteil von bis zu 90 Prozent.

Inspired by space travel: The revolutionary, high-performance insulation technology provides excellent thermal performance while being very lightweight. This is achieved by fusing aerogels with PrimaLoft® fibres – for a huge boost in thermal performance without added weight. With a recycled content of up to 90 percent.

**SCHOELLER®**

Innovatives High-Tec Material, das Feuchtigkeit nach außen transportiert & bei Kälte wärmt.

Innovating high-tech material with external humidity exportation & heating effect when it is cold.

**SOFT SHELL**

Die multifunktionale Materialkonstruktion ist sehr leicht, elastisch, strapazierfähig & zugleich winddicht, atmungsaktiv & wasserabweisend.

The multifunctional material is very light, elastic & hardwearing, as well as windproof, breathable & water resistant.

**WOOL**

Die Wool ist ein Naturprodukt, das sich seit Jahrhunderten bewährt. Sie ist temperaturneutral, atmungsaktiv, nimmt viel Feuchtigkeit auf, lädt sich nicht elektrostatisch auf & ist geruchshemmend.

Wool is a tried-&-tested natural product which has been used for centuries. It maintains a constant temperature; is breathable, highly moisture-absorbing, generates no static electricity & reduces odour.

SIZE CHART MEN

When it comes to teamwear, every detail counts. That includes finding the ideal size. With the help of our video (simply scan the QR code) and our size chart, you can find your perfect size. You can see the perfect cut and quality for yourself during a personal fitting (please arrange a fitting appointment directly with your ZIENER dealer, see page 64).

HOW TO MEASURE CORRECTLY

1. Height
2. Chest circumference
3. Waist
4. Hip circumference
5. Arm length
6. Inside leg length

- Place the measuring tape around the widest part of the back of the hand (without thumb) and measure
- Inch measurement = Glove size
